Tom,  
This gentleman, Mr. Lowenstein, contacted me out of the blue asking if I would support his plan to "improve courtesy on the T". Seems harmless enough to me but what are *your* thoughts?  
Thanks,  
Eliza

Eliza, Please call and fill me in on the Medeiros program. I do not believe that the meeting will deal with this issue however one never knows. Ferrell has been asking to meet with the mayor for a while on a number of issues revolving around the Y's expansion plans. Mike

Hello Mike,  
I left you a phone message as well. I noticed that the Mayor is meeting with John Ferrell and Lisa LaMatina regarding the Huntington Y and I understand that you are staffing that meeting. If the issue is around the program housed there, the Cardinal Medeiros Program, we should talk. I have been involved in those negotiations for years and may be able to provide you with some background. If they are meeting with the Mayor about something else, never mind!!!  
Thanks Mike and I am at x4375.

Pat,

Note: We are now including un-plated major utility work zones where paving takes place daily with typically no plates left at the end of the day.

These work zones, though not plated, have a major impact on the neighborhood during their working hours. Consequently, these locations will be included going forward on our daily emails.

### Summary of the attached plated location excel spreadsheet:

Tuesday, March 24th, 2009 update.

When reviewing the summary for comparison purposes of the day-to-day work, the morning count represents the end of the previous day's total work zone plates/locations.

Work Type	# of Morning Work Zones	# of End of the Day Work Zone	Difference +/-	(12/1/08-Present) Location Average per Day	# of Morning Plates	# of End of the Day Plates	Difference +/-	(12/1/08-Present) Plate Average per Day
Major Projects	16	17	+1	14	18	27	+9	9
True Hardship	3	3	0	3	3	4	+1	5
Emergency Work	12	14	+2	10	24	24	0	22
<b>ALL WORK</b>	<b>31</b>	<b>34</b>	<b>+3</b>	<b>27</b>	<b>45</b>	<b>55</b>	<b>+10</b>	<b>36</b>

As of today, March 24th, 18 of the 34 active work zones are plated. The total number of plates adds up to 55, with an average of 3.05 plates per plated work zone.

Any location activated after the sending of this email that requires plating will not be taken into account until the next working day.

The CIU's working hours are Monday through Friday, 7:30am until 4:00pm. There will be no reports or updates made on Saturday and Sunday of each week. Any changes in the work zones and/or plated locations over the weekend will be reflected in Monday afternoon's email.

Are we connecting in the morning before the hearing? I have a meeting with the Mayor immediately before the hearing, so that won't work for me, but I can make time before that.

I guess Budget should do some type of analysis to determine what the costs would be in staffing and what would be brought in. Also this hearing happened about 3 years ago. Registry of Motor Vehicles should have someone there to talk about program that exists.

I know that Dot was quoted in the paper as saying TMM is not supportive and thinks we should use the State Hotline. I believe that is being driven by financial reasons. What do all of you think? Is it a waste of time/money?

I know Rob intended to call, but I think he forgot. He is usually good about it.

Dot,

This is news to me, too. I'm ccing Barbara and Dr. Snehal Shah who will know more.  
My understanding is that it's a draft report and not something to be released to the media, so I'm frankly surprised to hear that it's on the City Council's agenda.

Ann,  
I know you mentioned this report this morning but i didn't know it was being released. It was my impression that we had time to meet and talk about press strategy around it.  
I know I haven't seen this yet but was wondering if the Mayor has been briefed.  
Thanks, Dot

Jim. I hope that all is well with you.

Based on our meeting from several weeks, we have revised the proposed scope of work that L.E.K. will conduct for the City. A copy of it is enclosed.

Please review and let me know if you have any comments or edits.

Otherwise, perhaps we can begin to discuss when LEK can begin to conduct its work.

I look forward to your thoughts

Best regards,  
Glen

I don't know how much more explicit this letter could have been. I also left a message for Councilor Feeney immediately after Molly sent the email out and I mentioned the summer camp piece. I have not heard back. I don't know where this is coming from but I do know that SEIU was positioned outside all of our impacted sites yesterday handing out the attached flyer. This may have brought up the flurry of calls. You can give the letter and certainly what we have communicated recently. Not sure what else. Dot Joyce is aware of this SEIU and we are working on other pieces of this now. The meeting tonight is at 6pm at Curtis Hall and it is our first technical assistance/training meeting but we may not even get that far dependent on the crowd, but I'm hopeful we can get something done.

Thanks Daphne. Do you think this letter is being taken the wrong way? I have not only had this email but several calls. I can further provide this letter to folks as you see fit. My fear is they will say it isn't enough. What time will the Murphy mtg be at?  
You will probably see a strong showing.

Lauren,  
This letter and the email statement below was sent to Jay Walsh for distribution as well as City Council, State Representatives, impacted council representatives, impacted coordinators, key city staff, and many others. We have said repeatedly stated that BCYF is not closing the program. We are conducting technical assistance trainings, meeting with Council and coordinators this evening, I'm scheduling parent meetings at the impacted sites (April 7 is Murphy and was confirmed 5 minutes ago). I spoke with Pete Stidman, Dorchester Reporter, yesterday afternoon and he is aware that BCYF is not closing the program and we are doing everything in our power to provide the appropriate support to maintain level services. The letter was meant to communicate to parents directly and assure them that we are confident with the support we will provide and the resources that are out there, that the program will continue to run. We need this message echoed as much as possible.

I think the statement below will help and thank you for keeping us in the loop.

Good afternoon all -

Hello everyone,

Please find attached, one document that includes two letters that I have given to BCYF Administrative and Cluster Coordinators who run licensed childcare programs that have City-funded employees. BCYF is not closing childcare

centers and these letters, as well as meetings I am holding with site staff, council members and parents will hopefully reassure everyone of that fact. The current economy is forcing all of us to take a hard look at our budgets, and to make sure that we are doing our best to manage our funds. BCYF is eliminating the city-funded childcare positions at each licensed childcare center from our budget effective July 1, but we will continue to support our local community center's childcare program in a variety of ways, including operational costs such as community center space, phone systems, and maintenance, as well as technical support with compliance and licensing issues, programming, and grant writing. Additionally, BCYF is working with site coordinators and community center councils to provide technical assistance regarding funding. We will reassure parents that they will continue to receive the quality childcare that they have come to expect from BCYF. If you have any questions feel free to contact me directly or Diane Joyce at [diane.joyce@cityofboston.gov](mailto:diane.joyce@cityofboston.gov) 617-635-4920 extension 2122

---

Michael,

It seems like all went well yesterday at the Villa Victoria. The crowd seemed orderly and the staff was able to get 500 applications. (The streets were clean as well!) It appears that 200 more will come in today. The crowd wasn't as large as we feared, but I understand the the Mayor was happy with his visit. If there is anything that I should do to follow up let me know.

I touched base with Tabitha Bennett who assured me that Maloney Properties had everything under control, and that she and Lynn Delidow worked well together. I am ccing her on this email to thank her and let her know that I appreciate her help.

If either Tabitha or you need anything, feel free to be in touch.

Best wishes,

Mark

I spoke with Chris earlier today -- he's at Fire union arbitration with Lisa. He's going to send me his draft report tonight, so we'll have that.

Are we connecting in the morning before the hearing? I have a meeting with the Mayor immediately before the hearing, so that won't work for me, but I can make time before that.

I guess Budget should do some type of analysis to determine what the costs would be in staffing and what would be brought in. Also this hearing happened about 3 years ago. Registry of Motor Vehicles should have someone there to talk about program that exists.

I know that Dot was quoted in the paper as saying TMM is not supportive and thinks we should use the State Hotline. I believe that is being driven by financial reasons. What do all of you think? Is it a waste of time/money?

I know Rob intended to call, but I think he forgot. He is usually good about it.

I agree. Also, I believe that the citation would have to be issued by BPD and adjudicated through the courts.

**Subject:** 4/2 Mandatory Training on ADR for Department Heads

**Attach:** DisabilityRetirementTraining.pdf

---

CITY OF BOSTON  
OFFICE OF ADMINISTRATION & FINANCE

Dear Department Heads,

Attached is a letter from Kathleen Kiely-Becchetti regarding a **mandatory training for department heads** on Accidental Disability Retirement and Worker's Compensation to be held Thursday, April 2 at 10:30 am to 12:00 pm in the Eagle Room.

We've heard from some of you that you would like to send a representative in your place. Unfortunately that would not satisfy the requirement imposed by a City Council ordinance that department heads receive training on disability retirement. However, another more in-depth

training on these issues will be held at a later date for your department's personnel officer/s and Worker's Compensation liaison.

Please RSVP to Kathleen's assistant, Jean Petitti, at 617-635-3212 regarding your attendance. Thank you for your cooperation.

**Subject:** 4/2 Mandatory Training on ADR for Department Heads

**Attach:** DisabilityRetirementTraining.pdf

CITY OF BOSTON  
OFFICE OF ADMINISTRATION & FINANCE

Dear Department Heads,

Attached is a letter from Kathleen Kiely-Becchetti regarding a **mandatory training for department heads** on Accidental Disability Retirement and Worker's Compensation to be held Thursday, April 2 at 10:30 am to 12:00 pm in the Eagle Room.

We've heard from some of you that you would like to send a representative in your place. Unfortunately that would not satisfy the requirement imposed by a City Council ordinance that department heads receive training on disability retirement. However, another more in-depth

training on these issues will be held at a later date for your department's personnel officer/s and Worker's Compensation liaison.

Please RSVP to Kathleen's assistant, Jean Petitti, at 617-635-3212 regarding your attendance. Thank you for your cooperation.

Lisa

Dear colleagues,

As you may know, a group of 19 Youth Ambassadors and 5 adult chaperones will be traveling to Mississippi again this year during April vacation for Hurricane Katrina Relief work. Many people are still without homes after more than four years since Katrina, and we want to do all we can to help. Because the trip will cost \$15,000 the Youth Ambassadors and adults are very busy fundraising. If you are able to donate ANY amount please go to my website: [www.firstgiving.com/mayrarodriguezhoward](http://www.firstgiving.com/mayrarodriguezhoward) or send me a check payable to the South Boston Community Health Center, Mississippi Trip, 409 West Broadway, South Boston, MA 02127.

We will also be raising funds by having a family spaghetti dinner at The Cornerstone on Sunday, April 5th, from 3:00 to 7:00 PM and will offer raffles during the coming month.

It is inspiring to see how eager our youth are to make this trip and to help others! I am looking forward to another rewarding and challenging week in Mississippi.

Thank you!

Regards,

Mayra

Are we connecting in the morning before the hearing? I have a meeting with the Mayor immediately before the hearing, so that won't work for me, but I can make time before that.

I guess Budget should do some type of analysis to determine what the costs would be in staffing and what would be brought in. Also this hearing happened about 3 years ago. Registry of Motor Vehicles should have someone there to talk about program that exists.

Dear colleagues,

As you may know, a group of 19 Youth Ambassadors and 5 adult chaperones will be traveling to Mississippi again this year during April vacation for Hurricane Katrina Relief work. Many people are still without homes after more than four years since Katrina, and we want to do all we can to help. Because the trip will cost \$15,000 the Youth Ambassadors and adults are very busy fundraising. If you are able to donate ANY amount please go to my website: [www.firstgiving.com/mayrarodriguezhoward](http://www.firstgiving.com/mayrarodriguezhoward) or send me a check payable to the South Boston Community Health Center, Mississippi Trip, 409 West Broadway, South Boston, MA 02127.

We will also be raising funds by having a family spaghetti dinner at The Cornerstone on Sunday, April 5th, from 3:00 to 7:00 PM and will offer raffles during the coming month.

It is inspiring to see how eager our youth are to make this trip and to help others! I am looking forward to another rewarding and challenging week in Mississippi.

Thank you!

Regards,

Mayra

Hello everyone,

Attached is a flyer that was being distributed at our Kent School community center this afternoon by SEIU staff. This meeting has been scheduled for some time for council representatives and the coordinators of the sites impacted. We are conducting it as part training/technical assistance and information session as to why we have made the decision. We continue to stress that BCYF is not closing these programs and so far have received limited complaints from those programs.

Spoke with a Dorchester Reporter, Pete Stidman, about childcare and assured him that BCYF was not closing any programs. I maintained the same message we have been saying throughout this process. Any questions let me know.

I spoke with Chris earlier today -- he's at Fire union arbitration with Lisa. He's going to send me his draft report tonight, so we'll have that.

Are we connecting in the morning before the hearing? I have a meeting with the Mayor immediately before the hearing, so that won't work for me, but I can make time before that.

I guess Budget should do some type of analysis to determine what the costs would be in staffing and what would be brought in. Also this hearing happened about 3 years ago. Registry of Motor Vehicles should have someone there to talk about program that exists.

I know that Dot was quoted in the paper as saying TMM is not supportive and thinks we should use the State Hotline. I believe that is being driven by financial reasons. What do all of you think? Is it a waste of time/money?

I know Rob intended to call, but I think he forgot. He is usually good about it.

I agree. Also, I believe that the citation would have to be issued by BPD and adjudicated through the courts.

I guess Budget should do some type of analysis to determine what the costs would be in staffing and what would be brought in. Also this hearing happened about 3 years ago. Registry of Motor Vehicles should have someone there to talk about program that exists.

Jim,  
I agree. Also, I believe that the citation would have to be issued by BPD and adjudicated through the courts.

I spoke with Chris earlier today -- he's at Fire union arbitration with Lisa. He's going to send me his draft report tonight, so we'll have that.

Are we connecting in the morning before the hearing? I have a meeting with the Mayor immediately before the hearing, so that won't work for me, but I can make time before that.

I emailed Chris earlier to see if he had info.

Law does not believe it is within BTD's authority.

I guess Budget should do some type of analysis to determine what the costs would be in staffing and what would be brought in. Also this hearing happened about 3 years ago. Registry of Motor Vehicles should have someone there to talk about program that exists.

I know that Dot was quoted in the paper as saying TMM is not supportive and thinks we should use the State Hotline. I believe that is being driven by financial reasons. What do all of you think? Is it a waste of time/money?

I know Rob intended to call, but I think he forgot. He is usually good about it.
